

YCEBE®
PURE ADRENALINE

SPRING-SUMMER

2023

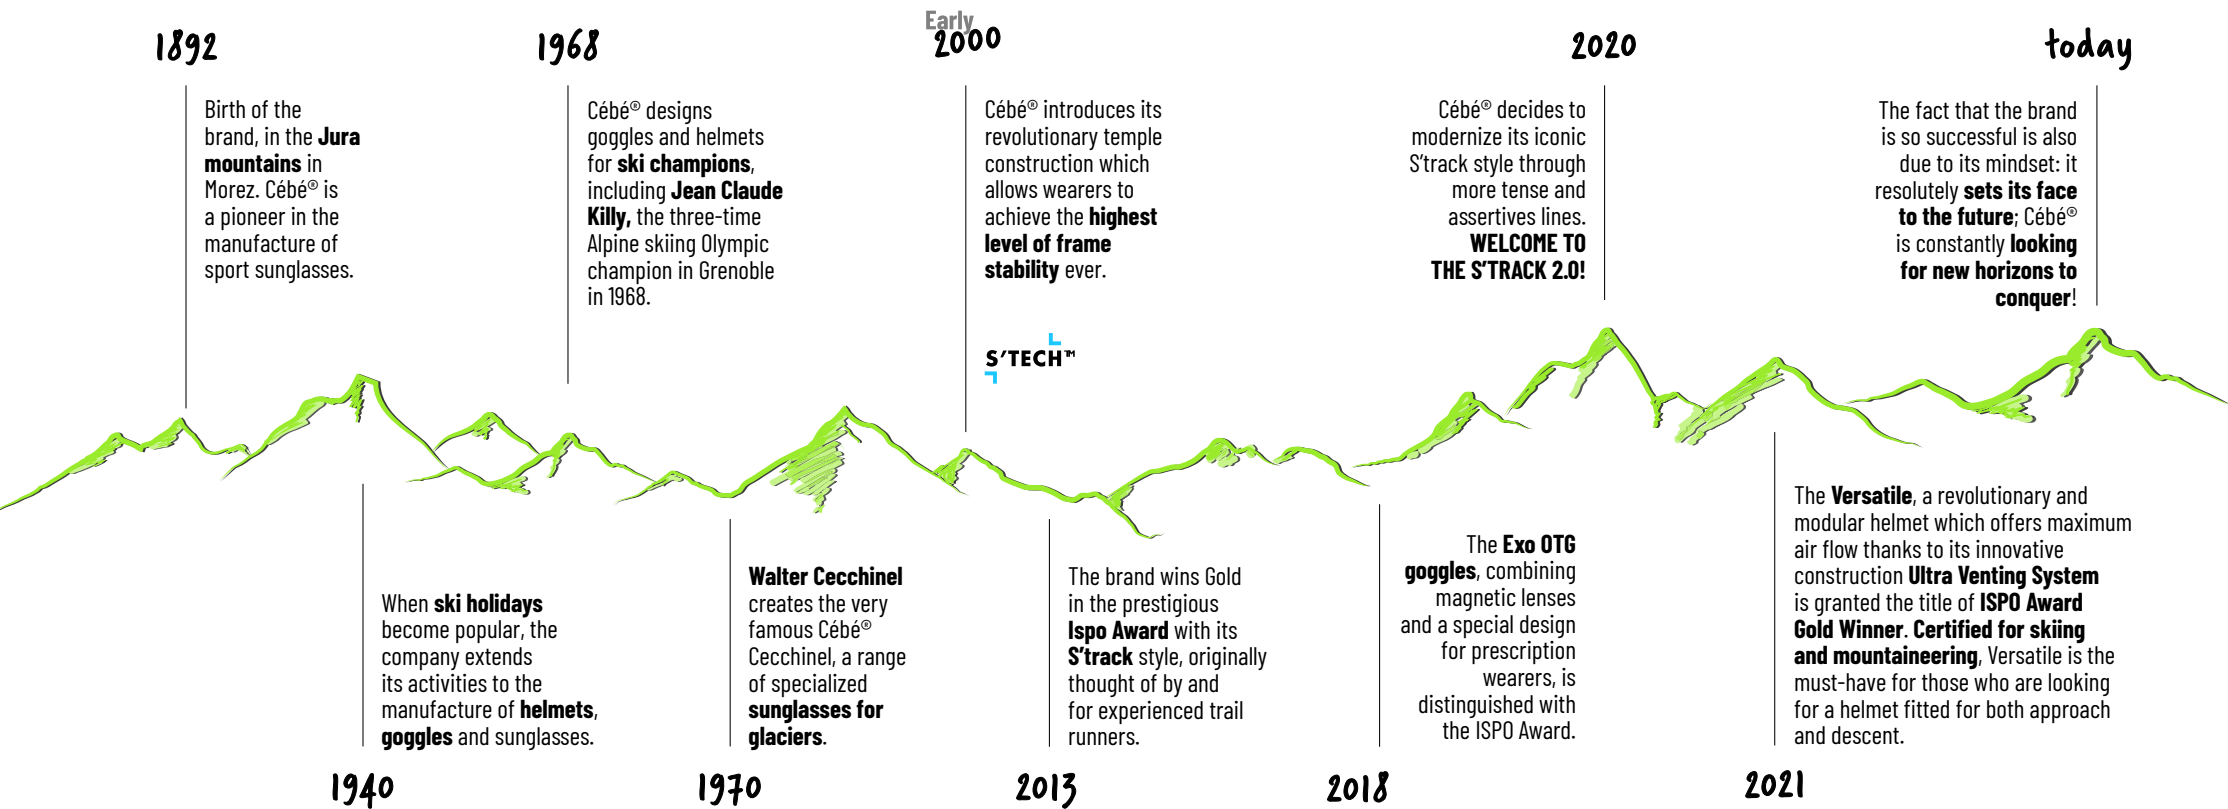

130 YEARS CÉBÉ

For more than 130 years, Céb   has been protecting what's called **the C  b   Zone**; the head and eyes of generations of **athletes and outdoor enthusiasts** with a unique goal in mind: to allow them to **become one with their environment**, to **multiply their sensations** so that **everything is PURE ADRENALINE**.

For these last 130 years, we have therefore put a high point in that you can **live in harmony** with the **mountain**, the **forest** and the **city**, by protecting not only your head and your eyes but also cherishing that space.

FOR YOU - AND FOR GENERATIONS TO COME.

ECO-FRIENDLY DEVELOPMENTS

AT CÉBÉ®, WE TAKE CARE OF NATURE BECAUSE IT IS OUR PLAYGROUND AND OUR MAIN SOURCE OF INSPIRATION.

ECO-FRIENDLY FRAMES

RILSAN® CLEAR MANUFACTURING PROCESS

CEBE® IS THRILLED TO USE THE RILSAN® CLEAR FROM ARKEMA TO CRAFT THE URBAN ADVENTURER SUNGLASSES FOR KIDS & TEENS

Climate change is the most important issue facing humanity for a generation, and so it is more important than ever before to ensure we take steps to **minimize our ecological impact**.

All **Urban Adventurer Cébé® frames** (except Mio and Alea models) will now be made in **Rilsan® Clear G850**. This sustainable polymer, of **plant origin and 100% renewable**, was developed by Arkema to guarantee the highest standards of **performance, durability, lightness, flexibility and resistance to impacts and chemicals**, which makes this material **perfect for optical solutions and outdoor use**.

The Rilsan® Clear G850 used in the manufacture of our Urban Adventurer sunglasses is **45% bio-based**, thus contributing to the **reduction of our carbon footprint** and our **dependence on fossil fuels**, while maintaining a **high level of performance**. It's made from **castor bean** produced in the Gujarat region of India in semi-arid and drought-prone lands. It doesn't hinder the cultivation of food products and doesn't contribute to deforestation. The beans are first crushed to extract the oil before being refined in several stages to create the bio-based raw material.

ECO-FRIENDLY PACKAGING

CÉBÉ® IS PLEASED TO PRESENT IT'S NEW ORIGAMI BOX

100% MADE OF CARDBOARD

Inspired by the Japanese craft, these boxes are made of **FSC certified cardboard 100% recyclable, without any glue**, and without compromising on the **protection of the sunglasses**.

NO MORE PLASTIC

At Cébé®, we worked on an optimized packaging process to reduce the use of plastic. Still with our eco-friendly approach, we have **eliminated the use of temple sleeves** in our packaging.

For all Sportstyle and Kids & Teens sunglasses
